CURRICULUM VITAE

Name	: MINTU PAL, PhD
Contact number	: (H/P) +91-8372990264

Email

: <u>mpal24@yahoo.com</u>

PROFESSIONAL EXPERIENCE

- 2015- now Ramanujan Fellow, CSIR-NEIST, Jorhat, Assam, India
- 2014-2015 Senior Research Fellow, School of Materials Science and Engineering, Nanyang Technological University, Singapore.
- 2011-2014 Postdoctoral Fellow, Department of Surgery, University of Colorado, Denver, Colorado and then lab move to Department of Biochemistry and Molecular Biology, Louisiana State University, Shreveport, LA, USA
- 2010-2011 Postdoctoral Associate, Department of Therapeutic Radiology, Yale School of Medicine, New Haven, CT, USA.

EDUCATION

2005-2010 Ph.D., Division of Molecular & Cell Biology, School of Biological Sciences, Nanyang Technological University, Singapore

- 2002-2004 M.Pharm. (Pharmacology), Jadavpur University, Kolkata, India
- 1997-2001 B.Pharm., Jadavpur University, Kolkata, India

AWARDS/HONORS/GRANTS:

- Ramanujan Fellowship (Department of Science and Technology, Government of India, 2015).
- Editorial Board member of the Journal of PharmaSciTech
- GATE 2002 (Pharmaceutical Sciences, 92.77 percentile).

SUMMARY OF ACHIEVEMENTS:

- Ramanujan Fellowship by Department of Science and Technology, Government of India, 2015.
- Author of 17 international journal publications (max IF: 29.4), and 20 conference papers and reviewer of 2 international journals with total citations of 298 *(*from ResearchGate) and RG score of 19.65 (ResearchGate)
- Editorial Board member of the Journal of PharmaSciTech

RESEARCH INTERESTS

- Crosstalk of signaling pathways involving epithelial-mesenchymal transition (EMT) in cancer metastasis
- Mechanism of miRNA mediated gene regulation in cancer
- Skin wound repair and tissue regeneration
- Development of novel cell based assay for drug discovery

RESEARCH GRANT

• Research grant of Rs.7.00 lakh per annum for 5 years from Department of Science and Technology, Government of India, 2015

PUBLICATIONS

- Book Chapters: 1 (invitation from CRC Press Taylor & Francis Group, Boca Raton, USA.; writing in progress)
- In International Journals: Published: 17
- Papers Presented In International/National conferences: 20
- Total Citation: 298 (from ResearchGate)
- *RG Score*= *19.65* (from ResearchGate)

RESEARCH EXPERIENCE

- 1. 2015- Now Ramanujan Fellow at CSIR-NEIST, Jorhat, Assam, India
 - Biomarker development on Prostate Cancer progression
- 2. 2014--2015 Nanyang Technological University Under supervision of Associate Prof. Tan Lay Poh
 - Commitment of stem cells to different lineages is regulated by many cues in the local tissue microenvironment. We demonstrate that topography of micropatterned matrix device and cell shape regulates hMSC differentiation into cardiomyogenic lineage.
- 3. 2011- 2014 University of Colorado, Denver and Louisiana State University, Shreveport, LA.

Under supervision of Prof. Hari Koul

- SPDEF functions like a tumor metastasis suppressor. However, the underlying mechanism remains unclear. We hypothesize that loss of SPDEF might serve as a prognostic markers to distinguish indolent versus aggressive forms of prostate cancer.
- 4. 2010-2011 Yale University Under supervision of Associate Prof. Zhong Yun

 BRCA1 plays an important role in chromatin remodeling and transcriptional regulation and its epigenetic functions appear to be critically involved in the regulation of mammary epithelial cell differentiation or mammary stem cell fate. We hypothesize that BRCA1 can regulate that differentiation via differential expression of microRNAs.

5. 2005-2009 Nanyang Technological University

Under supervision of Associate Prof. Tan Nguan Soon, Andrew

"Identification and characterization of angiopoietin-like 4 (angptl4) interacting proteins in wound repair"

• Our findings revealed that specific matrix proteins and integrins are 'receptors' of ANGPTL4, which together can assemble into a ternary complex underscored the important role of ANGPTL4 as a novel matricellular protein to modulate integrinmediate signaling and added a new facet to the cell-matrix interactions and signaling during wound repair and cancer metastasis.

Techniques involved:

- Comprehensive analysis of human miRNA target networks
- Surface plasmon resonance technology: For protein-protein interaction study using BIACORE 3000 and Bio-Rad ProteOn XPR36
- Recombinant protein expression and purification using IsoPrime Multichambered Electrofocusing unit and FPLC
- Cryostat and basic histology and microscopy
- Operating light and phase contrast and fluorescent microscopes
- Western blotting, Enzyme-linked immunosorbent assay (ELISA), Immuno-precipitation, Transfection of eukaryotic cells.
- Immunostaining, RNA extraction, reverse transcription, real-time PCR, gene knockdown in cell using virus-mediated siRNA

Animal Experimentation:

- IACUC animal/mouse handling
- Incisional and excisional skin wounding on mice
- Peritoneal, subcutaneous, intramuscular, and tail-vein injection
- Dissection and collection of organ samples
- Blood collection via cardiac puncture

RESEARCH PUBLICATIONS:

- Koul S, Khandrika L, Pshak TJ, Iguchi N, Pal M, Steffan JJ, and Koul HK (2014). Oxalate up-regulates expression of IL-Rβ and activates IL-2R signaling in HK-2 cells, a line of Human renal epithelial cells. Am J Physiol Renal Physiol. 306: F1039-46.

CONFERENCE ABSTRACTS AND PRESENTATIONS (Selected):

- **Pal M,** Sweaty Koul, David Crawford, Hari Koul (2013). Transcription factor SPDEF regulates aggressive phenotype in PCa modulating E-Cadherin expression. 92nd Annual meeting of the South Central Section of the AUA, Chicago, USA.
- **Pal M**, Sweaty Koul, Joshua Steffan, Randall Meacham, Hari Koul (2012). Prostate-derived Ets factor suppresses epithelial-to-mesenchymal transition by regulating E-Cadherin expression in prostate cancer cells. 91st Annual meeting of the South Central Section of the AUA, Colorado Springs, CO.
- **Pal M**, Punugu L, Chong HC, Tan MJ, Tan CK, Sze SK, Tang MBY, Ding JL, Kersten S, Tan NS (2008) Angiopoietin-like 4 regulates keratinocyte survival, differentiation and migration. International conference center, Kyoto, Japan.
- Goh YY, **Pal M**, Punugu L, Chong HC, Tan MJ, Tan CK, Sze SK, Tang MBY, Ding JL, Kersten S, Tan NS (2008) Angiopoietin-like 4 regulates keratinocyte survival, differentiation and migration. International conference center, Kyoto, Japan.
- **Pal M** and Tan NS (2007) Angiopoietin-like protein 4 accelerates keratinocyte migration. 2nd Korea-Singapore International Conference on Bioscience & Biotechnology, (KSICBB2007), Seoul, Korea.
- Tan SH, **PAL M**, Tan MJ, TAM FU, Teo JWT, Chong HC, Tan CK, Goh YY, Tang MBY, For Cheung PC, Tan NS (2007) The role of fasting induced adipose factor in epithelial wound repair. 2nd Korea-Singapore International Conference on Bioscience & Biotechnology, (KSICBB2007), Seoul, Korea.
- **Pal M** (2005) *In vitro* and *in vivo* Antioxidant Activity of *Q*uercetin -3 -*o*-Rutinoside A Compound Isolated from the Flowers of D*regea volubilis*. International Conference on "Promotion and Development of Botanicals with International Coordination: Exploring quality, safety, efficacy and regulations".

- Roy DK, **Pal M**, Gurain B, Sen T, Nag chaudhuri AK (2003) Studies on antiinflammatory and antioxidant activity of Indian black tea. 36th Annual conference of Indian Pharmacological society.
- Dhara A, **Pal M**, Gurain B, Samanta S, Adhikari D, Sen T, Nag Chaudhuri AK (2003) Pharmacological studies on the anti-ulcer activity of *Tragia involucrate*. 36th Annual conference of Indian Pharmacological Society.
- Gorain B, **Pal M**, Roy DK, Sen T, Nag Chaudhuri AK (2003) Pharmacological studies in *Acanthus illicifolius* a plant from Sunderban mangroves. 36th Annual conference of Indian Pharmacological society.
- Samanta S, **Pal M**, Nag Chaudhuri AK (2002) Antiulcer activity of tricyclic antidepressant drugs. 35th Annual conference of Indian Pharmacological society.

SCIENTIFIC WORKSHOPS AND SYMPOSIUMS ATTENDED

Attended a workshop cum seminar on **BIOEQUIVALENCE STUDY** organized by Bioequivalence Study Centre, Department of Pharmaceutical Technology, Jadavpur University, Kolkata, India, Nov' 2003.

RESPONSIBLE CARE AND USE of LABORATORY ANIMALS

A*STAR Biological Resource Centre, Agency for Science, Technology and Research, Singapore
